NATIONAL COMMISSION FOR THE CERTIFICATION OF CRANE OPERATORS (NCCCO)

WRITTEN & PRACTICAL EXAMINATION
TEST SITE COORDINATOR HANDBOOK
• RIGGER LEVEL I
• RIGGER LEVEL II
This handbook reflects NCCCO’s current policies at the time of publication. To be sure that you have the latest version of this book, see the Handbooks and Forms page on the NCCCO website.

NCCCO does not discriminate against any individual because of race, gender, age, creed, disability, or national origin.
Dear NCCCO Test Site Coordinator:

Welcome to the National Commission for the Certification of Crane Operators (NCCCO) national rigger certification program.

NCCCO is a nonprofit organization founded in 1995 to establish a fair and independent evaluation of crane operator knowledge and skills. Key to this industry-led effort has been the development of CCO Written and Practical Examinations leading to nationally recognized crane operator certifications.

As personnel responsibilities in the lifting industry have become better defined, NCCCO has developed additional certification programs for other occupations involved in the lifting industry. This rigger certification program is the culmination of many years’ hard work by experts from the varied industries and groups that use cranes, including construction, steel erection, ironworkers, operating engineers, utilities, crane rental, etc. NCCCO task forces were made up of experts from all aspects of the rigging, lifting, and crane industry—riggers, ASME B30 members, crane operators, training directors, managers, supervisors, insurance representatives—who together represent many thousands of hours of rigging experience. These volunteers gave freely of their time and expertise with the primary goal of improving the safety of all whose work brings them into contact with cranes and lifting equipment.

Until recently rigger certification was voluntary unless required by local jurisdictions or specific employers. However, in November 2010 the federal Occupational Safety and Health Administration (OSHA) enacted new national regulations for cranes and derricks used in construction under 29 CFR 1926 Subpart CC, which state that riggers need to be qualified.

To ensure that CCO examinations are—and remain—a valid measurement of a rigger’s operator’s proficiency, NCCCO used its exam development expertise and guided its task forces in establishing key elements of the program, including identifying essential skills, selecting tasks, standardizing test conditions, developing the scoring process, establishing reliability among tests, and creating flexible application and scheduling procedures. NCCCO continually analyzes the performance of CCO exams and reports to NCCCO’s Exam Management Committees.

This Test Site Coordinator Handbook has been developed to provide you with comprehensive information about administrating CCO Written and Practical Examinations leading to CCO rigger certifications. NCCCO recognizes the commitment you are about to make, and we want your experience to be a positive and successful one. If, after reading this handbook, there is anything you do not fully understand, please call NCCCO at 703-560-2391 or email info@nccco.org, and NCCCO staff will guide you through any aspects of the CCO national rigger certification program that you would like explained in more detail.

Thank you for your interest—and good luck!

Hosting and Administering CCO Written and Practical Examinations

This information is specific to the CCO Rigger certification programs. Information regarding other CCO certification programs is covered in the respective Test Site Coordinator Handbooks. Test Sites and Practical Examiners are permitted charge additional fees beyond the NCCCO exam fees for the use of their facilities and/or services.

TEST SITE SETUP—WRITTEN EXAMINATION

The examination room should be setup prior to the NCCCO Chief Examiner’s arrival. The examination room must provide adequate separation of candidates, as well as sufficient space for taking the examination. In addition, administration sites must meet the following requirements:

- There must be only one point of entry and exit—candidates must enter and exit through the same door.
- The testing room must be an indoor facility suitable for the exam candidates, to include:
  - Quiet, well-lit, properly ventilated, with a comfortable temperature and free from distractions to candidates
  - Accessible to candidates with special needs
  - A head table or podium at the front of the room
  - A registration table
  - Easy access to unlocked rest rooms stocked with sufficient supplies (no porta-potties)
  - Easy access to a water fountain
  - Large signs prominently posted making candidates aware of the location of the test
  - A clock visible to all candidates, preferably at the front of the room so that candidates can see it without turning their heads
- The examination room should be setup in classroom style. There must be sufficient tables and space for the number of candidates registered. Make certain that the number of candidates can be seated according to the following requirements:
  - Six-foot tables: No more than two candidates per table
  - Eight-foot tables: No more than three candidates per table
  - Round tables: No more than one candidate per table; these may be used, but are inefficient due to the requirement of only one candidate per table
  - Desks: No more than one candidate per desk; desks may be used only if their surface area is large enough to hold both the test booklet and answer sheet and must accommodate both left-handed and right-handed candidates with equal comfort
- The tables must have smooth writing surfaces and adequate space to accommodate examination booklets and answer sheets without crowding.
- The testing room must be free of all training aids and training/reference materials, including without limitation posters, writing on boards, and handouts.
- There must be an adequate supply of sharpened #2 pencils for candidates to use on test day.
- The chairs must be comfortable, with an appropriate height in relation to the tables used. Chairs with backs are preferable to stools or benches without backs.
- Rest rooms must be located near examination room and must be easy to find. Post directional signs if necessary.
- Room acoustics must be good. If the room is large, make sure that a microphone is available and that it works well enough so that candidates in the back of the room can hear verbal instructions clearly.
- There must be adequate space for the Chief Examiner to observe candidates easily.
- Parking must be sufficient to accommodate the number of vehicles expected.

TEST AREA CONFIGURATION—PRACTICAL EXAMINATION

The Practical Examination administration only allows the Practical Examiner and candidate to be present in the test area while testing. Once candidates have completed testing, they must leave the Test Site and not converse with other candidates who have tested or are waiting to test. The Practical Examination area may be indoors or outdoors, as long as it meets the following requirements:

- Quiet, adequately lit, properly ventilated with a comfortable temperature and free from distractions to candidates
- Accessible to candidates with special needs
- Easy access to unlocked rest rooms stocked with sufficient supplies
- Easy access to a water fountain
- Large signs prominently posted making candidates aware of the location of the test
• A separate waiting area (away from the testing area) for candidates waiting to test
• Parking available to accommodate the number of vehicles expected

Rigger Level I
• Three 6 ft. tables on which to place the rigging gear; one table must have a strip of tape or minimum 1 in. wide line that divides the table in half
  or
• Instead of tables, three 6 ft. × 3 ft. areas of clean, clear floor space with a line or tape dividing one of the spaces in half may be used
• An attachment point with a hook that meets the following specifications: has at least a 100 lb. capacity, no latch is required, height of bottom section ("G" in diagram) cannot exceed 7/8 in., and thickness ("M" in diagram) cannot exceed 7/8 in. (e.g., Crosby 3/4 ton carbon eye hook, part #1022200)
• A clock visible to candidate
• Rigger Level I Test Kit (provided by Practical Examiner)

Rigger Level II
• One 6 ft. table or clear, clean floor space for the Practical Examiner to display the rigging to be used
• One 13 ft. (± 6 in.) height attachment point with a load test of 1,000 lb. that will not move laterally under load
• 11 ft. × 11 ft. minimum working floor space on clear, level surface
• Blocking for Rigging Frame to provide ground clearance (2" × 4" wood recommended)
• Method of identification to mark which side of the frame needs to be rotated (e.g., rope, tape, etc.)
• Digital level (7–12 in. length, magnetic, and accurate to 1/10 of a degree)
• Rigging Frame (see Level II Rigging Frame Shop Drawing).
• Rigger Level II Test Kit (provided by Practical Examiner)

ROLES AND RESPONSIBILITIES

Test Site Coordinator
The person designated by the host company or organization to liaise with NCCCO on test administration matters is known as the Test Site Coordinator (TSC). Test Site Coordinators or their designated representatives are required to remain on site throughout each test administration.

Test Site Coordinators are responsible for:
• Submitting all requested information on the Written Test Site Application Request Form and Test Site Coordinator Summary Form to NCCCO in a timely manner; Written Test Administration Requests may also be submitted online at: www.nccco.org/wtar.
• Preparing a testing room in accordance with the general directions listed under Test Site Room Setup—Written Examination and Test Area Configuration—Practical Examination
• Liaising with the Chief Examiner and NCCCO in all aspects of Test Site preparation and administration
• Ensuring candidate applications are complete and submitted in accordance with stated deadlines
• Remaining on site throughout each test administration (or a designated representative)
• Ensuring candidates and proctors meet NCCCO’s personal protective equipment (PPE) policies, which at a minimum shall meet OSHA requirements
• Submitting Test Site Coordinator Agreement form(s); designated representatives also must submit this form
• Providing an email address and a cell phone number with the first paperwork submission (this may not be a shared address)

NCCCO periodically emails Information Bulletins to all Test Site Coordinators containing clarifications and updated policies. To remain in good standing, Test Site Coordinators are required to abide by the information contained therein.

Practical Examiner
Practical Examinations are conducted by NCCCO–accredited Practical Examiners. NCCCO does not assign a Practical Examiner for your site; to search for a Practical Examiner for hire, go to NCCCO’s website at www.nccco.org. A Practical Examiner may test only one candidate at a time. It is important that the Test Site Coordinator and Practical Examiner communicate with each other before testing begins.
On the day of the exam, the Practical Examiner is responsible for:

- Bringing all equipment to run the Practical Examinations, including practical test equipment such as Rigger Level I and/or Level II Test Kit(s)
- Ensuring that all candidates have watched the candidate video/presentation and understand the Practical Examination (candidates may view video/presentation up to 24 hours before their exam)
- Administering all Practical Examinations for that Test Site
- Returning all examination materials including score sheets to NCCCO at the conclusion of all testing

**Chief Examiner**

NCCCO is solely responsible for the rules and procedures for the administration of the Written Examination. Administration and supervision of the examination site and staff, including the care and custody of examination materials, are the responsibility of the Chief Examiner. At least one Chief Examiner is required to administer the Written Examination.

The Chief Examiner is responsible for:

- Ensuring that the security of the examination and related materials are not compromised
- Procuring adequate staff based upon registration count
- Training Proctors
- Conducting Written Examinations
- Ensuring that candidates have all the proper materials and are following all instructions for completing the forms and answer sheets accurately
- Ensuring that candidates neither give nor receive assistance in answering exam questions
- Ensuring no unauthorized person is in the testing room during examinations
- Ensuring candidates leave the testing area when they are through testing to limit communication with previously tested candidates and those waiting to be tested
- Maintaining professional standards of testing practices
- Following up with necessary reports and shipping all examination materials back to NCCCO

**Proctor**

Proctors assist the Chief Examiner in the administration of the exam. Proctors are under the direction of the Chief Examiner during the test administration. Proctors may not be candidates waiting to take the Written Exam. The primary responsibilities of Proctors are:

- Assisting with set up of room before the examination
- Assisting with admittance and identification check of candidates
- Distributing examination materials
- Monitoring the examination room and observing candidate behavior
- Collecting examination materials and checking out candidates
- Assisting with maintaining examination security
- Adhering to examination time limits
- Assisting with general cleanup at the close of the examination

**Chief Examiner or Proctor Eligibility**

NCCCO requires all personnel who are authorized access to CCO examinations to sign a Statement of Confidentiality and Non-Disclosure. Copies of these signed nondisclosure statements are kept on file. To avoid conflicts of interest and possible breaches of security, individuals who have taken or will take the examination(s) may not serve as either Chief Examiner or Proctor in the administration of CCO examinations.

**RECERTIFICATION**

Riggers certified by NCCCO must recertify every five years by taking and passing a Written Recertification Examination.

Although Written Recertification Examinations have shorter time limits than Written Examinations for first-time candidates, they can be scheduled at regular test administrations.

Recertification candidates count towards a Test Site’s overall candidate total for the purpose of avoiding site fees (minimum 15 candidates); see Applying to Host CCO Examinations (page 7).

For more information about recertification, see the Candidate Handbook, or contact NCCCO at (703) 560-2391 or via email at info@nccco.org.

**TESTING ACCOMMODATIONS**

NCCCO provides reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) for individuals with documented disabilities who demonstrate a need for accommodation.
In accordance with the Americans with Disabilities Act, NCCCO does not discriminate against individuals with disabilities in providing access to its examination program.

The Americans with Disabilities Act of 1990 and accompanying regulations define a person with a disability as someone who has a physical or mental impairment that substantially limits one or more major life activities such as walking, seeing, hearing, or learning.

The purpose of accommodations is to provide equal access to CCO examinations. Accommodations match up with the identified functional limitation so that the area of impairment is relieved with an auxiliary aid or an adjustment to the testing procedure. Functional limitation refers to the aspects of a disability that interfere with an individual’s ability to function; that is, what someone cannot do on a regular and continuing basis as a result of the disability.

The purpose of documentation is to validate that an applicant for testing accommodations is covered under the ADA as a disabled individual. Comprehensive information from a qualified professional is necessary to allow NCCCO to understand the nature and extent of the applicant’s disability and the resulting functional impairment that limits access to its examinations. Documentation also allows NCCCO to provide appropriate accommodations for such a disability.

NCCCO will provide, without cost to the candidate, reasonable accommodations designed to facilitate equal access to its certifying examinations for those candidates whose documentation supports such a determination. In no case will accommodations be provided which would compromise the examination’s ability to test accurately the skills and knowledge it professes to measure. Similarly, no auxiliary aid or service will be provided that would fundamentally alter the examination.

NCCCO strictly adheres to a policy of confidentiality and does not disclose names of applicants with disabilities or information concerning the application or accompanying documentation. Examinations administered with accommodations are not identified to third-party score recipients and are scored no differently than examinations of other applicants.

Arrangements for persons with disabilities will be provided upon approval. All requests for accommodations must be submitted by the applicant. In order to apply for accommodations, please download the NCCCO Application for Test Accommodations and the NCCCO Guidelines for Documenting a Request for Test Accommodations forms from the NCCCO website. For further information, see the complete NCCCO Testing Accommodations Policy at: www.nccco.org/accommodations.

If you have any questions or need clarification, please contact NCCCO at (703) 560-2391.

AUDIT PROGRAM

NCCCO conducts audits of Test Sites and/or Practical Examiners in accordance with the accreditation requirements of the American National Standards Institute (ANSI).

Test Sites and/or Practical Examiners are selected for audits on the basis of a variety of criteria, including random selection, in response to issues reported by candidates, unusually high or low pass rates, new Test Sites, or probationary Examiners.

Once a site has been selected for an audit, the Test Site Coordinator or company representative from the site may be notified by letter from NCCCO prior to the scheduled test day. In addition, the Auditor will contact the Test Site Coordinator or company representative to verify the testing date and the site address. Unannounced audits may also be conducted.

It is a condition of Practical Examiner accreditation and Test Site status that all Test Site personnel, including the Test Site Coordinator, Practical Examiner, and Proctor, cooperate fully with the NCCCO Auditor during the audit process.

Practical Examiners who have been audited and notified that an additional audit is required will be responsible for the expenses incurred by NCCCO for the additional audit. Any practical exams conducted by the Examiner will not be scored until NCCCO has been reimbursed for the incurred expenses.
Applying to Host CCO Examinations

WRITTEN EXAM REQUESTS

All requests for paper/pencil test (PPT) administrations must be made on the Written Test Administration Request Form at least four weeks prior to the desired test date. Written Test Administration Requests can also be completed online at www.nccco.org/wtar.

Once the request has been approved, NCCCO will email a letter of approval and confirmation to the Test Site Coordinator. The confirmation letter will include instructions on how to proceed with the candidate applications and a test administration number that must be included on candidate applications for that Test Site and secured test date.

Candidates also have the option of taking their Written Exams at approximately 300 PSI computer-based testing (CBT) facilities around the country. See the Rigger Candidate Handbook for CBT application procedures and fees.

PRACTICAL TEST SITES

New Rigger Practical Exam Test Sites must submit a Rigger Test Site Application and Data Sheet and pay an annual $50 registration fee at the time of application; existing test sites must pay the $50 Test Site fee before the first practical test of each calendar year thereafter. If running a variety of CCO exams at that location, only one Test Site fee is charged on an annual basis. Employers or organizations with more than one Test Site must pay a fee for each location. Candidate Score Sheets from Practical Exam Test Sites that have not paid their annual $50 fee will not be processed.

Test Sites are registered to the physical address of where testing occurs. Multiple companies and/or sites are not permitted to be established under the same address, although additional equipment can be added by submitting the appropriate Test Site Application(s) to NCCCO’s Western Regional Office. Should a Test Site need to become inactive or remove equipment, it must provide the following information to NCCCO in writing:

- PE Site Number
- Company Representative
- Company
- Contact information (phone and email)
- Company Representative signature

No site will be discontinued without this documentation. Any Practical Exam Test Sites that become inactive (i.e., do not pay their annual test site fee) will be placed in probationary status (see below) and must follow the requirements for new test sites should they want to become approved again in the future.

In the event a Test Site’s location changes, a new Test Site must be established by completing and submitting a new Test Site Application. A new site number will be assigned to the new location. Score sheets submitted for testing at unregistered Test Sites will not be processed.

NEW AND PROBATIONARY TEST SITES

For all new test sites and for 12 months after their first test administration, all new NCCCO Practical Exam Test Sites are conferred “probationary” status. The purpose of this probation is to monitor new test sites and ensure that they are following NCCCO’s policies and procedures. These procedures include proper notification of testing, proper cancellation, and cooperation in the audit process.

Probationary test sites are required to provide notification via the NCCCO website at http://nccco.org/login no less than two business days prior to any test administration. Changes or cancellations to testing plans are subject to the same notification requirement. Once a site has provided test notification to NCCCO, that will be considered intent to test on that day and the site may be audited even if no testing occurs.

After a 12-month time frame, a probationary test site’s history is reviewed to ensure that it has followed NCCCO’s policies and procedures, including notification procedures. If a test site has not been providing proper notification, the probationary period will be extended at six-month intervals until such time that the policies and procedures have been properly followed.

TEST SCHEDULING OPTIONS

Rigger Level I and Rigger Level II Exams

Candidates are permitted to schedule and take both the Rigger Level I and Level II Written and Practical Exams at the same test site administration. If administering Level I and Level II Practical exams on the same day, sufficient time must be allotted for all affected candidates. Practical Exams may be administered before the Written exams to accommodate candidate scheduling. (See Typical Written Exam Test Day Schedule on page 11.)
Combined Rigger Level I and Rigger Level II Test Sites

All Signalperson and Rigger Practical Exams must be completed within seven days of the Written Exam date, and all Practical Exam documentation must be sent into NCCCO as soon as possible for processing. Practical Exams completed after seven days of the Written Exam date will be subject to additional fees.

To be classified as a “Combined” Test Site, one or more candidates must apply for and complete all four Signalperson and Rigger Level I exams in the required seven-day period.

If conducting both Signalperson and Rigger exams, please read the Rigger Test Site Coordinator Handbook for additional information specific to that program.

NOTE: No other CCO certification exams (e.g., Mobile Crane Operator) may be administered at Combined Test Sites.

If the request is approved, candidates will receive a refund of exam fees paid within 30 days of the approval, minus a $25 cancellation fee.

**SUBMITTING APPLICATIONS**

Once testing is completed, the Test Site Coordinator must electronically submit (eSubmit) to NCCCO:

- Candidate applications with photos
- Candidate fees

For additional information regarding eSubmit, please contact Jennifer Warner at 727-449-8525, ext. 430 or by email at jwarner@nccco.org.

If unable to submit electronically, Test Site Coordinators may send to NCCCO via overnight or second-day courier.

**SCORE REPORTS**

All candidates are sent a report of their performance from NCCCO within approximately 12 business days after the examination administration.

Test Site Coordinators are automatically sent at no charge a Pass/Fail Score Report and Certification Number Report for all candidates testing at their sites. NCCCO encourages Test Site Coordinators to use the data in both reports (but not the report itself) to provide information to candidates or their employers so they may schedule retesting or verify certification through the Verify CCOOnline (VCO) system.

Test Site Coordinators may also request a Detailed Score Report for all candidates by completing the appropriate form in this handbook and submitting it, along with a $50 processing fee, to NCCCO when returning test administration materials for each administration. *Note that all requests for Detailed Score Reports must include the release signature of each candidate.*

Report requests will be processed upon receipt at NCCCO and provided to Test Site Coordinators after the exams are scored (normally within 10 business days of the exam).

**RIGGER CERTIFICATION TIME FRAMES**

Candidates must pass the Written and Practical examination to be certified. Rigger certification is valid for five years. The Written and Practical Exams may be taken in either order. Candidates have 12 months from the time they pass their first Written or Practical Exam for each rigger level in which to pass the corresponding (Written or Practical) Exam.

Any tests passed within a 12-month period count towards certification. For example, a candidate who fails the Rigger Level I Written Exam in January 2015 but passes the Rigger Level I Practical Exam in June 2015 has until the end of June 2016 to retake (and pass) the Rigger Level I Written Exam.

While candidates are permitted to schedule and take both the Level I and Level II written and practical exams at the same time, for Rigger Level II certification to be valid, Rigger Level I certification must also be current.

Candidates for certification or recertification may petition for an extension of NCCCO’s standard timeline(s). NCCCO staff shall have the discretion to make the initial determination of whether a requested extension should be granted. Petitions for an extension of time are generally denied absent a showing of extraordinary circumstances. Denials of such petitions may be appealed to the Appeals Committee.

**PERMANENT TEST SITES**

Practical Test Sites that test on a regular basis may become permanent Practical Test Sites. For such sites, the requirement for a site inspection prior to each operator test may be waived. This option is available only to test sites where there has been no change in test crane, test site/location, and Test Site Coordinator in the last 12 months.

An annual full site report is required for permanent test sites. Permanent Test Sites that are open to qualified candidates may be listed on the NCCCO website using the Agreement for Listing as an Open Practical Exam Test Site form available on the Handbooks and Forms webpage.
Use the enclosed Permanent Test Site Application to apply for Permanent Test Site status. Probationary test sites may not apply.

**SECURE TEST SITES**

Test sites with limited access and/or enhanced security protocols that might interfere with the ability of testing personnel and/or NCCCO staff and Auditor to enter are required to indicate on their Test Site Applications that they are secure sites. They must also complete the enclosed Security Requirements Report and provide any associated documentation (such as the site’s formal security policy), all of which should be submitted along with the Test Site Application and Test Administration Request form. All Secure Test Sites—including permanent Test Sites—must submit completed Security Requirement Reports annually.

EFFECTIVE DATE OF CHANGE

-----------------
NCCCO Information Release Policy

A. Definitions

1. “NCCCO” means and refers to the National Commission for the Certification of Crane Operators acting through its staff and authorized agents and representatives.

2. "Releasable Information" means and refers to the following information: name, certification status, examination dates, certification dates, certification number(s), and designations. In the case of accredited Practical Examiners, "Releasable Information" also means and refers to the following information: name, accreditation status, accreditation dates, accreditation number, and categories in which the Practical Examiner is authorized to administer exams.

3. “Third Party” means and refers to an employer, prospective employer, regulatory agency, or any other person or entity that makes an inquiry to NCCCO.

B. Policies

1. It shall be the policy of NCCCO to provide Releasable Information pertaining to individuals who have successfully passed one or more NCCCO examinations. It shall also be the policy of NCCCO to provide Releasable Information pertaining to such individuals on its website using such protocols as may be established. In addition, it shall be the policy of NCCCO to provide information, as appropriate, concerning individuals who have been sanctioned, suspended or revoked from participation in NCCCO’s programs, using such protocols as may be established.

2. Releasable Information may be released to a Third Party who makes a written request, including by electronic correspondence. Generally, Releasable Information will be released within one business day from actual receipt of a written request.

3. If a Third Party requests information concerning an individual who has not taken or successfully passed an NCCCO examination, NCCCO may release a statement confirming that, as of a given date, the individual does not appear on NCCCO’s list of successful candidates in one or more categories of certification.

4. If an applicant or certificant is under formal sanction, suspension, or revocation by NCCCO, then NCCCO may release a statement to that effect to any persons and by any reasonable means, including by means of a list published on the NCCCO website. In addition, if an individual applicant or certificant is under formal investigation, sanction, suspension, or revocation by NCCCO, then NCCCO may release a statement concerning the status of the applicant or certificant to any Third Party and to any jurisdiction that requires or accepts CCO certification as a basis for satisfying requirements to work in the jurisdiction. Any such statement to a Third Party or jurisdiction may identify the applicant or certificant, the certifications affected, the actions taken, and the effective dates of any such actions.

5. If an accredited Practical Examiner, authorized Test Site Coordinator, listed Training Provider, or other authorized participant in NCCCO’s programs (“Authorized Participant”) is under formal sanction, suspension, or revocation by NCCCO, then NCCCO may release a statement to that effect to any persons and by any reasonable means, including by means of a list published on the NCCCO website. In addition, if an Authorized Participant is under formal investigation, sanction, suspension, or revocation by NCCCO, then NCCCO may release a statement concerning the status of the Authorized Participant to any persons and by any reasonable means, including by means of a list published on the NCCCO website. Any such statement may identify the Authorized Participant, the credentials or capacities affected, the actions taken, and the effective dates of any such actions.

6. If a Third Party seeks information other than the foregoing information, generally, absent a subpoena or similar legal process, such information will not be released. However, in the course of business, as circumstances reasonably warrant, NCCCO reserves the discretion to release information other than the foregoing information.

7. Certain situations may require or warrant the immediate verbal confirmation of an individual’s certification status or other Releasable Information in response to a written or verbal request. Under such circumstances, NCCCO may provide such immediate verbal confirmation, at its discretion. When such a verbal confirmation is provided, it shall be NCCCO’s policy to follow up with a written confirmation.

8. It shall be the policy of NCCCO to discuss score-related and test-specific matters only with a candidate or a candidate’s authorized legal representative.

9. NCCCO will release Releasable Information about an individual upon receipt of a written request (including electronic correspondence) from that individual. NCCCO may release information other than Releasable Information about an individual, at its discretion, upon receipt of a signed, notarized, written request from that individual. In addition, NCCCO will release information other than Releasable Information about an individual when required by a legal authority of competent jurisdiction under a duly-issued subpoena, subject to any objection, or as otherwise required by law.
Following approval by the appropriate NCCCO committees, Commissioners, and/or Board of Directors, the following substantive (non-editorial) changes have been made to the *Rigger Test Site Coordinator Handbook*:
