

Rent-A-Crane, Inc.

Rent-A-Crane, Inc. is a family-owned and operated crane rental company that has been serving the Virginia, Maryland and DC areas for over 50 years. With a fleet of over 20 mobile and all-terrain cranes, ranging in size from 15 to 110-tons and booms to 230 ft., we are well-equipped to meet your lifting needs. We also offer rigging, storage and hauling services, as well as public space permits and traffic control.

Our professional operators are NCCCO certified, and are ready to make your lifting experience a safe and efficient one. In addition, we have NCCCO Certified Level I Riggers and Signal People to safely work with the crane operator. If training seems like a better option, Rent-A-Crane Training is now offering preparation courses and testing for crane operators, riggers and signal people.
